

Visiting Research Fellow

1. Department of Chemistry, Indian Institute of Technology, Mumbai, India (June-September 2000). Experience of new methodologies in organic synthesis.
2. Tokyo University of Pharmaceutical and Life Sciences, Tokyo, Japan, (June-September 2001). Experience of diastereoselective synthesis and analytical purity determination including enantiomeric excess by GC, HPLC and NMR techniques.
3. Department of Chemistry, University of Southampton, UK (April-July 2004). Experience on the solid phase synthesis.
4. Tokyo University of Pharmaceutical and Life Sciences, Tokyo, Japan, (August 2006-July 2007).
5. Tokyo University of Pharmaceutical and Life Sciences, Tokyo, Japan, (February 2010-April 2010).
6. Tokyo University of Pharmaceutical and Life Sciences, Tokyo, Japan, (August 2012-July 2013).
7. Tokyo University of Pharmaceutical and Life Sciences, Tokyo, Japan, (June 2018- April 2019).
